## National Farm Health and Safety Conference Registrations Open

Farmsafe WA Alliance is hosting “Time to Act” - 7th National Farm Health and Safety Conference on behalf of Farmsafe Australia. This national conference aims to build on the previous theme, Leading Change by providing the opportunity to discuss what is happening and encourage organisations to move forward and act towards changing the safety culture in rural enterprises.

The program is a diverse and colourful event that is underpinned by quality abstracts and spear-headed by several outstanding individuals whose presentations will both inspire, inform and entertain.

We encourage anyone interested in renewing energy and commitment to farm health and safety; learning the latest on what works in farm health and safety; learning practical ways to improve farm health and safety promotion and activities and exchanging valuable ideas and tips with colleagues to attend the conference.

The event will be held from the 13<sup>th</sup> to 15<sup>th</sup> October 2009 at The Vines in the Swan Valley and involves an industry tour as well as a mid-conference dinner and the presentation of the National Farm Safety Awards.

Sponsors of the event include CGU Insurance, GRDC, Alcoa, Landmark, Farm Weekly, Elders and Injury Control Council of WA.

The conference program and registrations can be viewed at the Farmsafe WA Alliance website [www.farmsafewa.org.au](http://www.farmsafewa.org.au).
